# CHIEF FINANCE OFFICER'S STATUTORY REPORT

#### Introduction

1.1 The Local Government Act 2003 requires the Chief Finance Officer to report on the robustness of the estimates and adequacy of proposed financial reserves. The report below provides a strategic overview of the Council's financial position before making specific considerations on the 2017-18 budget.

#### **Strategic Overview**

Local Government Funding

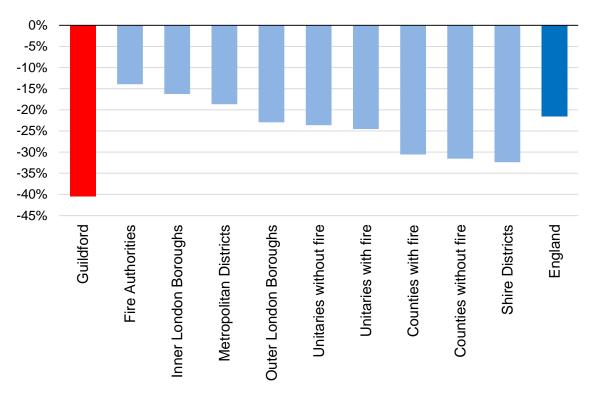

- 2.1 The overall financial climate continues to be severe and is expected to remain so for a number of years. Local Government will continue to play its part in helping to address the national funding deficit, and each Council will be required to contribute accordingly by continuing to deliver services with fewer resources.
- 2.2 Since 2013-14, the Council has experienced a reduction in government grants and has taken on significant responsibilities in relation to council tax benefits and business rates (explained below). Both these changes placed more resource demands on the Council and increased risks. The Business Rates Retention Scheme moved local government funding away from formula grant to a combination of retained business rates and revenue support grant. In addition, many specific grants were merged with the formula grant to provide a rolled up resource position known as *Start-Up Funding*.
- 2.3 There were no significant announcements in the autumn statement made by the Chancellor on 23 November 2016, which related to local government. The announcement of the provisional local government finance settlement (LGFS) for 2017-18 on 15 December 2016 was also in line with expectations following the council's acceptance of the multi-year settlement.
  - Localisation of Business rates, Revenue Support Grant and New Homes Bonus
- 3.1 From 2013-14 local authorities have retained a proportion of their collected Business Rates, based on central shares (a proportion returned to the Government) and local shares (retained by the authority). As an incentive, the Government allows local authorities to retain a proportion of any increase in business rates collected because of increased growth. The Council will benefit by 25p in the £1 on any net growth but will be liable for 50p in the £1 on any net reduction.
- 3.2 The draft local government finance settlement (LGFS) for 2017-18, issued on 15 December 2016, continued the trend of reducing funding to local authorities in cash terms. The outline figures provided by the government are in the table below:

|                               | 2016-17 | 2017-18 | 2018-19 | 2019-20* |
|-------------------------------|---------|---------|---------|----------|
|                               | £m      | £m      | £m      | £m       |
| Settlement Funding Assessment | 3.78    | 3.05    | 2.82    | 2.25     |
| of which:                     |         |         |         |          |
| Revenue Support Grant         | 1.10    | 0.32    |         |          |
| Baseline Funding Level        | 2.68    | 2.73    | 2.82    | 2.92     |
| Tariff/Top-Up**               | -28.29  | -30.21  | -31.19  | -32.29   |
| Tariff/Top-Up adjustment      |         |         |         | -0.67    |
| Safety Net Threshold          | 2.48    | 2.53    | 2.61    | 2.70     |
| Levy Rate (p in £)            | 0.50    | 0.50    | 0.50    | 0.50     |

\* Settlement Funding Assessment in 2019-20 is modified, where applicable, by the provisional Tariff/ Top-Up adjustment

\*\* Tariffs and top-ups have been recalculated in 2017-18 to reflect the adjustment for the 2017-18 business rates revaluation

- 3.3 For 2017-18, Guildford's settlement funding assessment (SFA) reduction is 19.2%, which is higher than the national average reduction for shire districts of 15.1%. However, due to the variable nature of the business rates element of local authority funding, the draft settlement no longer sets the absolute funding level for local authorities, but gives a baseline funding level. The actual level of funding the Council receives will depend on the business rate income for the year. At the start of the year, we estimate the business rate income, but the actual amount is unknown until after the year ends. For 2017-18, we estimate our net business rate income will be a 4.3% increase on 2016-17 (£211,000).
- 3.4 The graph below shows the cumulative changes in SFA over the multi-year settlement period and the comparative reduction in central government support for Guildford in relation to the average of other local authorities. Our local government advisors, LGFutures, who are able to benchmark data across different local authority classes nationally, produce this graph. It shows that under the new method of calculating SFA, introduced in 2016-17 as part of the multi-year settlement, the government altered the split of funding between tiers of government, which appears to favour upper tier services and lead to higher funding reductions for district councils, such as Guildford.

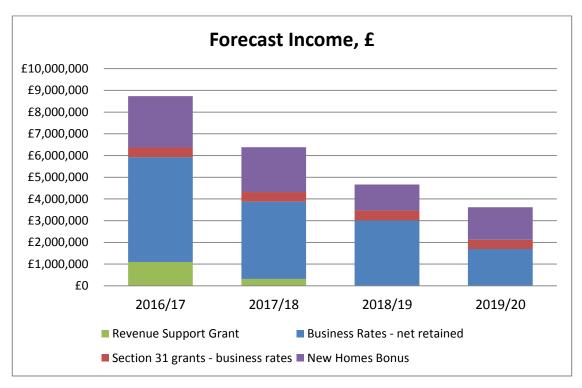

- 3.5 The revenue support grant element of the SFA has reduced by 71% between 2016-17 and 2017-18. The RSG reduction has affected Guildford and other Surrey Councils more severely due to the way the government changed the mechanism of distributing grant in 2016-17. Rather than all local authorities receiving the same percentage reduction in RSG funding, the government now takes into account the amount that can be raised locally from Council Tax, thereby increasing the reduction in RSG funding for higher tax base authorities such as Guildford (in terms of the ratio of council tax income to SFA). Due to the unanticipated impact of changing the mechanism on the medium term financial plans of local authorities in 2016-17 and 2017-18, the government introduced a transition grant of £102,000 per annum for 2016-17 and 2017-18 to delay the implementation of the changes.
- 3.6 The Council's new homes bonus (NHB) in 2017-18 has reduced by £298,781 or 13% from 2016-17. This is despite an increase in the number of properties added to the Council tax system in the year. The reduction is due to the implementation of changes to the NHB allocations, which mean that award of NHB is only made if growth exceeds a 0.4% baseline. In addition the government have reduced the number of years for which the bonus is payable from 6 to 5 for 2017-18 and will reduce the number of years the award is payable for further to 4 years in 2018-19. As the funding is only guaranteed for a specific number of years, it will fall out of the budget in the future.
- 3.7 Taken together, the settlement funding assessment (business rates and RSG) and new homes bonus (NHB) are the key elements of central government support the Council receives. In total, the three elements have reduced by 16.4% (£1.026 million) since 2016-17; this represents a cumulative reduction of 34% since 2013-14. When comparing local authorities in the local government finance settlement the government uses a term *spending power*, this includes the council tax that the government expects the Council to raise and some specific grants. The government states that Guildford's spending power has reduced by 4.2% between 2016-17 and 2017-18 however, I feel that this does not properly reflect the true reduction in central government support.

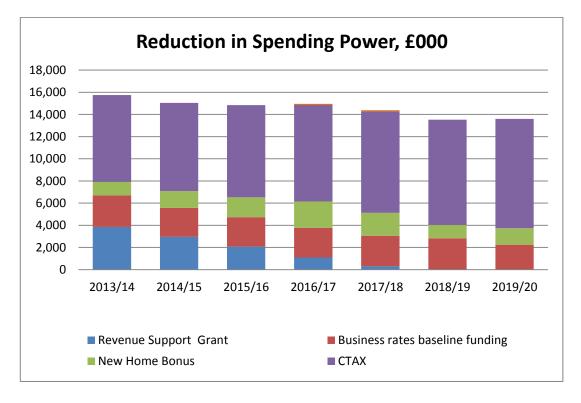

#### Changes in Government Support

- 4.1 Over recent years, the level of central government support to Guildford Borough Council has been reducing as the government addresses the national deficit. As part of the final 2016-17 LGFS issued on 8 February 2016, the government released indicative settlement figures for the 4-year period 2016-17 to 2019-20. It required local authorities to make efficiency savings but in return offered new levers to generate growth for their areas. The proposal set out in the LGFS is that by the end of the Parliament, local government will retain 100% of business rate revenues, however, the system of top-up and tariffs, which re-distributes revenues between local authorities nationally, will be retained. Whilst the system retains the redistribution mechanism, 100% of the business rates will not be retained locally.
- 4.2 As part of the reforms, the government is phasing out RSG out and devolving additional responsibilities to local government such as responsibility for funding public health and housing benefit to pensioners.
- 4.3 The indicative LGFS for the 4 years 2016-17 to 2019-20 shows that the Council's core spending power<sup>1</sup> is expected to reduce by 7.9% over the period. However, within this government have assumed a level of council tax base increase and new homes bonus award for 2018-19 and 2019-20 which is in excess of the Council's own estimates. As a result, our own estimate of the reduction in spending power over the period to 2019-20 is 8.4%. The cumulative reduction to SFA to 2019-20 is 53% (£2.5 million in cash terms). The majority of the reduction falls on the RSG which will be nil for the Council by 2018-19. To enable the government to still have a mechanism for controlling/reducing our ability to raise funding locally, it has introduced an adjustment to the tariff the Council pays to central government under the business rates retention scheme, which has the impact of, further reducing resources in 2019-20 (shown in the table in paragraph 3.2). This has the impact of reducing the Council's income below the amount determined by Government as Guildford Borough Council's 'baseline need to spend'. Taken together the reduction in RSG and adjustment to the tariff payment over the period represents a reduction in grant of 13.7% or £2.75 million in cash terms.
- 4.4 During 2016-17, the government consulted local government funding reform ahead of the implementation of 100% business rates retention in 2020. The consultation had two elements: a fair funding review and consultation on the implementation of 100% business rates retention. The Council responded to the consultation by the deadline in September 2016. A technical paper on the proposed implementation of 100% business rates retention scheme will be published in February 2017.
- 4.5 The chart below shows the change in Central Government funding since 2013-14 and the impact of indicative LGFS to 2019-20.

<sup>&</sup>lt;sup>1</sup> Core spending power for Guildford comprises: SFA, Council Tax income and new homes bonus

4.6 The comparative graph showing the Council's estimate of the reduction in our spending power (which includes council tax) and the cumulative impact since 2013-14 is shown in the chart below.

4.7 The income we receive from business rates is also projected to fall in the medium term due to the likelihood that the North Street regeneration scheme will commence.

New Homes Bonus

- 4.8 As outlined in paragraph 3.6 the new homes bonus allocation for 2017-18 is a reduction of £298,781 or 13% from 2016-17. This is despite an increase in the number of properties added to the Council tax system in the year. The government have set a national limit on the amount of new homes bonus that can be paid nationally of £1.2 billion. In 2016-17, the government consulted on changes to reduce the national allocation to £900 million and implemented a number of the suggested changes in the allocations for 2017-18. Further changes are expected to be announced in 2017-18 regarding the indicative allocations for 2018-19.
- 4.9 Guildford Borough Council is currently developing its Local Plan with a view to submitting the plan for inspection by late 2017 and adopting the Local Plan by summer 2018. There is therefore a risk that it will not receive any new NHB payment in 2018-19 (due to the data used to calculate the NHB running from October to October each year). The risk of not receiving the NHB increases if the current timetable for adopting a local plan is not met.
- 4.10 Whilst the local plan suggests an increase in housing in the borough, we do not expect any significant increase in the New Homes Bonus (NHB) in the medium and long term. This is because the Government have set the national limit on NHB allocations by 2019-20 as £900 million and it is likely the allocation will further reduce if the government does not meet its national austerity targets. Therefore, the bonus is likely to be subject to on-going reform to keep within the national allocation. As part of the LGFS issued on 15 December the government has stated that it intends to consult on further reforms to the New Homes Bonus during 2017-18, which may include proposals to reduce allocations to local authorities where there is no local plan in place or where houses are built following a successful appeal. Other reforms could include further reducing the period the bonus is payable for from 4 years to 3 or 2 years.
- 4.11 Our budget and medium term financial plan assumes that any increase in NHB is transferred to reserves to finance one off short to medium term revenue projects or capital projects and therefore does not affect the council tax calculation or the budget gap identified below. This is because NHB funding is currently only available for 4 years and so it would not be prudent to rely on the income to finance on-going revenue expenditure.

## Economic Outlook

- 5.1 The economic situation continues to pose a risk. As the government's austerity measures impact on residents, then our income streams could be affected.
- 5.2 Interest earnings, whilst no longer form a significant source of income, are still estimated to be approximately £38,000 (net) and the preservation of our capital whilst maximising our income is of paramount importance. The adoption of the Treasury Management Strategy is designed to mitigate this risk.
- 5.3 The Council is aware of the significant pressure that continuing austerity and increasing demand for services is placing on the NHS and social care authorities. There is a significant lack of resources to properly fund social care, which is placing a significant strain on our local NHS partners and Surrey County Council (SCC). As these bodies focus their attention on providing statutory services, there will be an impact on the preventative services, which Guildford Borough Council receives funding from SCC to provide. Currently the Council receives £2.1million of funding from SCC to provide a range of services, all of which could be at risk in future.

## Guildford Borough Council Medium Term Financial Plan

## Corporate Plan

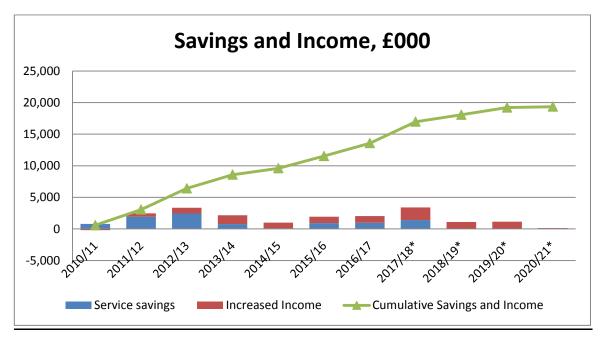

- 6.1 The Council's Corporate Plan was developed for the 5-year period April 2015 to March 2020 and includes bold ambitions for service delivery for the future. The budget for 2017-18 includes projects proposed as part of the 2015-2020 corporate plan. Many of the priorities within the plan involve significant investment in services, infrastructure and housing to deliver the outcomes.
- 6.2 A 10-year capital strategy or 'vision' has been developed with the aims of realising the Council's Corporate Plan, raising the quality of life for residents and improving the long term financial planning process. The first five years of the capital strategy are the capital programme. The capital programme is significant and includes potential investment in key projects to support our corporate plan such as:-
  - North Street regeneration
  - Potential regeneration of Council owned sites in the town centre e.g., Bedford road / cinema area
  - Slyfield regeneration/Clay Lane link road
  - Guildford West (Park Barn Station)
  - Investment in additional car park capacity
  - Investment in Town Centre infrastructure & transport routes (gyratory & cycling)
  - Adding of Ash Value Enterprise units
  - Westfield Road/Moorfield Road resurfacing
  - Redevelopment of Middleton Industrial Estate
- 6.3 To finance the capital strategy, a variety of funding sources, such as capital receipts, capital reserves, revenue contributions, S106 contributions and borrowing will be required. Unless the Council is able to generate capital receipts it will need to borrow from its own internal resources, or the market. Any borrowing will have a direct impact on the revenue budget, as there is a requirement to charge a minimum revenue provision (MRP) for the use of borrowing as well as interest payments. The impact of MRP is included within the revenue budget outlined in this report. Whilst the 5-year capital programme is ambitious, the 10-year capital strategy assumes that there will be some capital receipts or revenue income arising, particularly from the redevelopment schemes that will offset some of the expenditure in the long-term.
- 6.4 Growth included within the revenue budget for 2017-18 supports the delivery of the Corporate Plan. The growth arising from investment in services to meet the Corporate Plan for 2018-19 to 2020-21 has been included in the medium term financial plan. The main areas of investment to support our corporate plan include:
  - Design and feasibility work to implement the sustainable movement corridor (£100,000)
  - Feasibility study to investigate a bridge on A323 Guildford Road, Ash over the railway line at Ash Railway Station (£80,000)
  - Progression of design and feasibility work for a redevelopment at Bedford Road in line with the vision set out in the Allies and Morrison town centre masterplan (£400,000)
  - Progression of further feasibility work to redesign the Guildford gyratory system (£120,000)
  - A platform capacity study to inform improvements and a development brief for Guildford Railway Station (£150,000)
  - Increase in costs relating to waste and recycling (£286,000)
  - Increase in playground repairs and maintenance (£60,000)

- Provision for the loss of various grant funding from Surrey County Council (£455,000)
- Additional procurement officer resources (£35,000)

In addition, the budget makes provision for the cost of the new apprenticeship levy on large employers of £135,000 and £60,000 to meet the increased requirements of the data protection act.

#### Savings and Income

- 7.1 As part of the drive to continue to deliver services with fewer resources, the Council is undertaking a transformation programme to remodel services, achieve savings and increase income to achieve a sustainable financial future. In addition, we undertook a business planning exercise in 2017-18 to identify transformation and other savings for the medium term. Since 2010-11, the Council has generated a total of £7.9 million in savings and £5.6 million in additional income.
- 7.2 The budget includes further savings and additional income proposals of £3.4million for 2017-18 and the medium term financial plan assumes a further £2.3 million savings and additional income can be achieved between 2018-19 to 2020-21, which were identified from the business planning process undertaken in 2017-18. The graph below summarises the savings and additional income achieved since 2010-11.

## Medium Term Financial Strategy

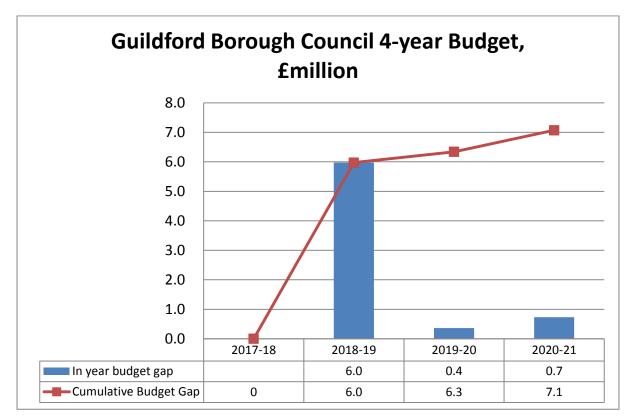

- 8.1 The medium term financial strategy (MTFS) provides a framework within which we will prepare annual spending plans. In essence, it sets a framework for our spending plans and use of resources over the medium term, ensuring that we have a sustainable financial future. Adopted by the Executive for the first time for the 2009-10 financial year, it has provided a framework that has enabled officers to focus on the delivery of savings without affecting service levels or quality.
- 8.2 We have reworked the financial projections to 2020-21 at a summary level, but many of the assumptions (for example, interest rate movements) could in reality be significantly different. We will review the MTFS at a more detailed level once the

Council approves the budget for the year and we will include it in the final budget book.

8.3 Officers prepared the medium term figures using the assumptions in the table below. The Executive approved the assumptions at its meeting on 19 July 2016. These assumptions are for outline planning purposes only and have been reviewed and updated throughout the budget process. They will be subject to further review and update before detailed estimates are prepared for each financial year.

|   | 2017-18              | 2018-19              | 2019-20              | 2020-21 |
|---|----------------------|----------------------|----------------------|---------|
| General Inflation                           | 1.5%                 | 2.0%                 | 2.0%                 | 2.0%    |
| Payroll                                     | 1.75%                | 2.0%                 | 2.0%                 | 2.0%    |
| Income                                      | 3.0%                 | 3.0%                 | 3.0%                 | 3.0%    |
| Council Tax<br>increase                     | £5 (approx.<br>3.3%) | £5 (approx.<br>3.3%) | £5 (approx.<br>3.3%) | 1.9%    |
| Business Rates<br>Inflation                 | 2%                   | 3%                   | 3%                   | 2%      |
| Revenue Support<br>Grant (RSG)<br>decrease  | -71%                 | No RSG               | No RSG               | No RSG  |
| Council Tax Base<br>Increase (New<br>homes) | 1.90%                | 0.61%                | 0.79%                | 1.31%   |
| Housing Rents                               | 1 %<br>reduction     | 1%<br>reduction      | 1%<br>reduction      | CPI     |
| Average Weighted<br>Investment Returns      | 1.58                 | 2.0                  | 2.1                  | 2.1     |

- 8.4 Approved capital expenditure is built into the cash flow projections. The statutory MRP relating to the capital-financing requirement (the underlying need to borrow) has been built in with reference to the life of the assets involved, in accordance with the MRP policy within the Treasury Management Strategy.
- 8.5 Given these assumptions, our projections show that there is a significant gap between projected income and expenditure over the period 2017-18 to 2020-21 as demonstrated below.

- 8.6 We estimate that the funding gap totals approximately £7.1 million over the plan period (to 2020-21).
- 8.7 The principal causes of the budget gap are follows:

|   | £million |
|---|----------|
| RSG and other grant reduction                                 | £1.5     |
| Reduction in retained business rates                          | £1.3     |
| Reduction in investment income / Increase in interest payable | £3.3     |
| Net savings / additional income in services                   | (£1.3)   |
| Inflation   | £0.9     |
| Increase in provision for debt repayment (MRP)                | £1.4     |
| Total   | £7.1     |

- 8.8 Councillors and Senior Officers are acutely aware of the need to retain a firm grasp on controlling expenditure, efficiency programmes and budget monitoring.
- 8.9 Bearing in mind our ambitious corporate plan, plans to regenerate the Slyfield Area, the results of the Allies and Morrison report and our stated desire to redevelop the North Street area and other parts of the town centre, in the medium term we expect that our income from business rates will fall as these schemes are implemented. We have planned to mitigate the loss and spread the impact of the reduction in income over time. As a result, our medium term financial plan assumes that we will contribute any unused amount of our share of business rate levy into the business rates equalisation reserve in 2017-18 to offset future reductions. During the development phase of the projects, we will transfer funds from the reserve to support the revenue budget. Once developments are completed, we should experience a growth in business rates, rental income or capital receipts.
- 8.10 As outlined in paragraph 7.2, the medium term budget gap already assumes that £2.3 million savings and additional income proposals (put forward as part of the

2017-18 business planning process) identified for 2018-19 to 2020-21 can be achieved. There is a risk that if the savings and income proposals are not achieved then the budget gap will be higher.

- 8.11 The Council is continuing to pursue a programme of transformation to address the budget gap and ensure a financially sustainable future. The transformation programme has three strands:
  - i. Commercial / traded services
  - ii. Asset investment
  - iii. Fundamental service reviews.
- 8.12 All of these figures are subject to further scrutiny and will be revised as the budget process for 2018-19 to 2020-21 proceeds and further information becomes available. Any action taken to close the gap in one year will benefit future years (assuming that it is not a one-off saving).

#### Robustness of Estimates

- 9.1 The budget process was started in July 2016 and the inflation assumptions outlined in paragraph 8.3 above were used in the preparation of the 2017-18 estimates outlined in the budget report.
- 9.2 Staffing costs have been included based on the Full Time Equivalents (FTEs) included within the establishment and charged to the General Fund (approximately 720).
- 9.3 A composite loss allowance of 1.0% has been assumed for the council tax base, a reduction of 0.5% from 2016-17.
- 9.4 The effects of the capital programmes have been taken into account both in the revenue budget and in predicting cash flow for investment purposes. For the purposes of calculating interest on balances, the average base rate has been assumed to be 0.25%. The impact of longer-term investments made in order to protect the Council's investment income means that an average rate for in-house investments of 1.1% has been assumed and a weighted average return of 2.95% has been assumed on externally managed investments. Interest rate predictions remain extremely uncertain.
- 9.5 Service level risk assessments are in place for major areas. The corporate risks are included in the corporate risk register, whilst service risk registers are available on the intranet along with comprehensive guidance about how to identify and score risks. We complete a financial risk register, which is reported as part of the annual final budget book; this will be reviewed, updated and reported as part of the 2017-18 budget book. This will outline the main financial risks the Council will face in terms of operating within its budget for 2017-18.
- 9.6 The Society, Environment and Council Development Executive Advisory Board (at its meeting on 21 November) and the Executive (at its meeting on 29 November 2016) considered the outline budget.
- 9.7 The assets review programme currently underway may identify some assets that could be disposed of, but none are expected to be of significant value individually to generate large capital receipts

9.8 Looking forward, based on our current assumptions, we predict a significant budget deficit over the outline period (to March 2021) as outlined in paragraphs 8.6 to 8.9. Action to address the deficit is underway as outlined in paragraph 8.10; however, this remains a significant challenge for the Council.

Adequacy of reserves and balances

10.1 The value of General Fund earmarked revenue reserves, as at 1 April 2016 was £31.5 million. The estimated value of all revenue reserves over the plan period is:

| Reserve   | Actual<br>2015-16<br>Balance,<br>£ million | Projected<br>2016-17<br>Balance<br>£ million |
|---|--|--|
| General Fund Reserves (working balance)           | 3.7  | 3.7  |
| Housing Revenue Account (HRA) Reserve, incl.      | 6.0  | 6.0  |
| Major Repairs Reserve (MRR)                       |  |  |
| Earmarked GF Reserves                             | 31.5                                       | 27.7   |
| Earmarked HRA Reserves                            | 55.2                                       | 60.0   |
| Usable Capital Receipts Reserve (General)         | 0  | 0  |
| Usable Capital Receipts Reserve (housing related) | 27.2                                       | 24.7   |
| Total Usable Reserves                             | 123.6                                      | 122.1  |

10.2 The figures include some earmarked reserves held for specific purposes (for example, Insurance) and £3.7 million developers SPA contributions that cannot be used to support the council tax or capital schemes. This approach, which enables the Council to even out the impact of significant costs, is considered prudent.

10.3 The General Fund revenue balance (working balance) is maintained at £3.75 million, which is considered an adequate level.

# Budget risks

- 11.1 The Council faces many risks to the successful delivery of a balanced budget. The major ones are explained below.
- 11.2 **The economic situation**. Particular consideration will need to be given to the following in the budget proposals:
  - Loss of rental income on investment properties
  - Loss of interest from investments arising from bank base rates remaining at a low level for longer than expected
  - Increase in housing benefit claimants and bad debts
  - Potential increase in homelessness
  - Loss of income from Fees and Charges
- 11.3 **Delivery of savings and income**. The Council has embarked on transformation programme to deliver savings and income generation required to balance the budget over the medium term. If the programme is not be delivered on target it will affect the Council's ability to contain expenditure within budget in year, thus potentially reducing reserves and will increase the budget gap in future years of the medium term financial plan.

- 11.4 Welfare Reform. At its meeting on 6 December 2016 the Council approved the Local Council Tax Support Scheme (LCTSS) for 2017-18. There were no changes to the revised scheme, which was first introduced in 2016-17. The revised scheme has made savings for the council but we are aware of the possibility that some residents may find themselves in financial difficulty as a reaction to the savings in the national welfare budget and have maintained a £40,000 hardship fund for these cases. In addition, there will be further welfare reforms in the future, which are likely to influence the support we are able to offer council taxpayers. Although the number of claims is currently stable, any increase in take-up of the scheme is a direct cost to the General Fund, as we no longer receive a direct grant linked to expenditure levels.
- 11.5 Universal credit, which will replace housing benefit, was implemented from May 2016. The government expects the full roll-out to be complete by mid-2018, for all new benefit claims, with the final stage (converting the stock of existing claims to Housing benefit onto Universal Credit) to be complete by early 2022. The pace of roll-out will be dictated by the number of new claims, which will either be brand new claims or those coming back on to benefit having previously been a recipient. We will be closely monitoring the pace of change, as it will significantly influence our use of human and financial resources during this time. Some staff may choose to leave in advance of the final transfer of work to the Department for Work and Pensions (DWP), which could affect the speed of our processing and the level of customer service we can provide.
- 11.6 The government has also commenced a review of local council tax support, which it promised, following a three year settling down period. There are some suggestions that LCTS could end up packaged with Universal Credit for the long term, which will also have an effect on our resources. Officers will report on the outcomes of the government review once it has been completed and local authorities advised of the findings.
- 11.7 The welfare changes may also affect the Council through vulnerable people placing an increase in demand for services such as homelessness and housing advice.
- 11.8 Businesses and Council Tax payers have the right to request payment of their bill by 12 instalments instead of 10. If large numbers of payers take this option it will adversely affect cash flow and therefore interest receipts.
- 11.9 **Corporate Plan.** The Council has an ambitious corporate plan, but it will present risks, which will need to be identified on an item-by-item basis and the Council's appetite for taking on risk agreed.
- 11.10 **Regeneration.** The Council is likely to promote regeneration of parts of the town centre where we are a landowner, in order to promote better use of our assets and better transportation links. All will necessitate the identification and acceptance of an appropriate level of risk. There are three major capital regeneration schemes during the medium term budget period; North Street, Slyfield and parts of the town centre along the river corridor. These schemes are schemes that only happen once in a generation and we would not normally expect the Council's on-going capital programme to include schemes of this size under normal operating cycles. Taking these schemes forward will have significant financial risks for the Council. Officers are currently looking at alternative legal structures to help us manage those risks. In particular, Slyfield Area Regeneration Scheme will carry significant financial risk to the Council. The scheme is likely to require the Council to undertake significant upfront investment and the time lag between the investment and the eventual sale of

properties will be a number of years. The Council will seek to understand the level of risk and mitigate wherever possible

- 11.11 **Capital Programme**. As a consequence of the corporate plan, the Council has an ambitious capital programme, in order to invest in the Borough, and Council services, to deliver the targets within the corporate plan. The decision on how each individual scheme is funded will be taken as part of a further, more detailed, business case for each scheme, than that submitted as part of the bids included within the capital programme report.
- 11.12 The capital programme for 2017-18 to 2021-22 shows the Council has an underlying need to borrow of £392 million. The revenue impact of borrowing includes:
  - borrowing costs
  - interest
  - on-going operating costs and
  - where known, income associated with each scheme.
- 11.13 The revenue implications of the capital programme are included within the Council's general fund revenue budget and contribute towards its medium term financial plan budget gap.
- 11.14 As part of the capital programme report, the Council includes a prudential indicator on the affordability of the capital programme known as the 'Incremental impact of capital investment decisions'. This prudential indicator for the medium term plan period 2018-19 to 2021-22 shows an increase in the cost of the capital programme on the Band D Council Tax, which is in excess of the amount we can raise Council Tax by under the referendum criteria. However, in a number of schemes (e.g., Bright Hill and SaRP) there may be revenue income from the scheme, which cannot be reasonably estimated until the detailed business case is prepared and is likely to occur in years 6 to 10, which is beyond the medium term plan period. In other schemes (e.g., North Street and Bedford Wharf), the revenue income could reasonably be expected to be higher than the amounts currently included within the budget, once the detailed business case is prepared. Therefore, the prudential indicator could be lower in future years than currently projected.
- 11.15 To meet its medium to long-term financial commitments, the Council will need to generate further capital receipts, service and transformation efficiencies, additional revenue income and capital grant income and contributions.
- 11.12 **Business rates retention scheme**. There continues to be volatility in our business rate income due to voids, appeals, revaluations and bad debts. This uncertainty makes it difficult to accurately budget for business rate income and close monitoring through the year is crucial to identify any shortfalls at an early stage. If a large business chose to close or relocate away from Guildford, it would adversely affect our income. At 31 December 2016 the Valuation Office Agency (VOA) had 475 appeals outstanding for properties in the borough in relation to the 2010 Rating List. Successful reductions may result in overpayments going back as far as 2010, which need to be repaid to ratepayers in a lump sum. In the first six months of 2016 the VOA diverted resources to revaluation work, however in the most recent quarter an increased number of appeals were resolved. One of the outstanding appeals relates to Virgin Media, which if successful could mean a repayment of around £3 million.
- 11.13 All businesses have had their rateable values reassessed from 1 April 2017. On average rateable values have increased in Guildford borough by 16%, however the underlying detail is very mixed with around 40% of properties having a reduction

whilst 11% have increases in excess of 50%. Guildford Borough Council sees an increase in rateable value of an average 25%, with the actual rates bill for our occupied properties increasing by over £400,000.

- 11.14 In setting the business rate multiplier for 2017-18, the Government has taken into account the estimated value of appeals it anticipates following the revaluation exercise. History shows that government have consistently under estimated the level of appeals following a revaluation exercise. If appeals are higher than government estimates, this will result in a loss of business rate income for the Council. The risk of volatility in income due to appeals will fall solely on the Council post 2020 under the proposal for local government to keep 100% of business rates. Alongside the revaluation the government has introduced a new three level transitional scheme to phase in both increases and decreases in charge, plus they have extended the Small Business Rate Relief scheme so that more ratepayers benefit from it. This softens but does not remove the impact of the increased rateable values on ratepayers.
- 11.15 In 2016, the Government issued a consultation on business rates reform (100% rates retention) and a fair funding review. The results of the consultation are not known however, Government will be issuing a further technical consultation on the implementation of 100% business rates retention in 2017. I expect that the Council's relative need to spend will be reduced by government as part of the fair funding review, as government will look to re-allocate resources into high demand services such as social care and will continue to expect local authorities to contribute towards meeting national austerity targets. This is likely to mean that the tariff payable by the Council under the business rates retention scheme could increase from 2020 onwards, as indicated by the 2019-20 tariff adjustment included in the multi-year settlement. The impact of increasing the tariff adjustment is that Guildford will retain less business rates locally than it does now. The Council currently keeps approximately 5% of the business rates collected. By 2020, I expect this to reduce to below 3%.
- 11.16 **Surrey County Council**. The Council is aware of the significant financial pressure faced by our partner, Surrey County Council (SCC) because of demand and cost pressures within the social care system. The financial sustainability of the social care system is a nationally recognised problem however, the impact it is having at a local level within Surrey is severe. When SCC agreed its 2017-18 budget on 7 February 2017 it proposed a significant rise in Council tax of 15% and received advice from its Chief Financial Officer (CFO) that the financial challenges facing Surrey County Council as it sets the budget for 2017-18 are now even more serious than those set out when they set the budget for 2016-17, and that SCC's finances only become sustainable for the long term future so long as the substantial planned on-going service efficiencies and transformations totaling £93m are achieved and the referendum on an excessive council tax rise is successful. In the same report, the Council received advice that the CIPFA financial resilience review of SCC, undertaken in November 2016, reported that SCC could not manage until 2019-20 through reliance wholly on reserves, which are already somewhat depleted. Furthermore CIPFA advised that any service reductions not yet planned would only have a part year impact in 2017-18 due to the need for public consultation and equality impact assessment ahead of implementation.
- 11.17 Surrey Councy Council did not vote for a 15% rise in its council tax at the meeting on 7 February 2017. Instead it reverted to its substitute budget, which included a rise of 4.99% in council tax (the maximum allowed without holding a referendum). SCC's substitute budget was described by the CFO of SCC as 'representing a very serious threat to the council's financial sustainability' and 'includes significant risk of not

balancing as additional and material service reductions, in addition to already stretching service reduction plans, are required to be delivered and have not at this stage been identified'. The CFO of SCC went on to say that it was her view that there would need to be a significant unplanned use of earmarked reserves which would take reserves below the safe minimum levels unless they are replenished in the following year.

- 11.18 Guildford Borough Council currently receives approximately £2.1 million of funding from SCC for various services such as waste and community care and further funding of £250,000 within the HRA for supported and sheltered housing. There is a significant risk that this funding will cease, if not in 2017-18, then in future years of the medium term financial plan as SCC looks to deliver its unprecedented scale of service transformation. In addition, it has come to light that Surrey County Council may take part in a pilot for 100% business rates retention in 2018-19. It is my understanding that such a pilot can only proceed where a devolution deal has been agreed and a combined authority exists or where a unitary authority has been established. A 100% business rate retention pilot would need to include the District and Borough Councils of Surrey, including Guildford Borough Council, and it is at this stage unclear what taking part in a pilot would require, including the financial impact.
- 11.19 **Devolution**. To deliver public service transformation and infrastructure investment, the government is considering a number of devolution proposals to transfer further national government responsibilities to local areas. These proposals are closely aligned to the implementation of 100% business rates retention. The Council is currently engaging with partners around discussions for a devolution deal for the '3 Southern Counties' (3SC) of East and West Sussex and Surrey. The financial terms of any devolution deal are currently unknown however; Guildford Borough Council expects that any devolution deal agreed will involve some payment of monies relating to future growth on business rates and council tax to a combined authority to support investment in infrastructure. There is a risk that if the Council and its partners are unable to negotiate a suitable devolution deal that the borough will not receive the investment in infrastructure which it needs.
- 11.20 **'Brexit'**. In June 2016, following a referendum, the United Kingdom (UK) voted to leave the European Union (EU). The government has not yet triggered Article 50, which is the formal process that would allow the UK to leave the EU. The financial consequences of leaving the EU and the terms on which the UK leaves pose a significant risk to the UK economy, in particular the need for, and length of, any further government spending reductions pose a significant risk to the medium term financial plan of the Council.

## **Conclusion**

12.1 The Council faces many challenges over the medium term. We have an exciting and ambitious corporate plan and will continue to have a high demand for some of our services, particularly relating to welfare and environmental services. Continued significant reductions in Government funding mean that we have a gap between projected expenditure and funding that we will have to address, which we intend to do through projects such as commercialisation and traded services, asset investment and fundamental service reviews.

# Sue Sturgeon,

## Managing Director and Chief Finance Officer

# Medium Term Financial Strategy 2017-18 to 2020-21

In planning its future budgets, the Council will adopt an organisational model of the 'Entrepreneurial Council'; the Council will aim to delivers services through a variety of commercial and non-commercial vehicles designed to offer service managers the freedom to grow and expand services through innovation, trading, and selling spare capacity into other non-traditional markets in order to maintain and improve the provision of services to existing customers.

## Revenue

- 1. The detailed budget will be prepared with an allowance for a pay award, but with no allowance for general inflation unless there is a contractual agreement. Each year, members will determine a guideline increase for fees and charges.
- 2. To conduct a business planning exercise to direct resources to meet council priorities, as set out in the council's corporate plan, and to consider bids for growth with reference to the strategic priorities set out in the corporate plan.
- 3. To produce an outline budget for a rolling 4 year period.
- 4. To develop the council's transformation programme (approved by the Joint Scrutiny Committee on 17 November 2015), to ensure a package of measures is available to balance the budget over the medium term, ensure a long term sustainable financial future for the council and sound financial governance. The transformation programme will include:

| Efficiencies, Savings & Service<br>Transformation   | Income Generation or<br>Commercialisation   |  |
|---|---|--|

| Vacancy review  | Fees and Charges / Income Review  |

- 5. To develop an income generation strategy and corporate charging policy to review and consolidate the different service level charging policies, and conduct a rolling detailed review of all fees and charges, to ensure that those who can pay the full cost a service do so.
- 6. Supplementary estimates will only be approved in exceptional circumstances; we will firstly seek to identify savings as a means of meeting additional costs or bids for additional expenditure and then look to utilise virements if we cannot find savings.
- 7. A working balance, currently £3.75 million, will be retained and will be assessed for reasonableness on a regular basis as part of the final accounts process.
- 8. All items of expenditure, even if funded by a grant from a third party must have an approved capital or revenue budget. Where a specific grant is received, the expenditure must be approved; any under spending is returned to the general reserve and not left as a contingency in the service budget.
- 9. Any under spending on grants will be treated as an under spend and not carried forward for spending in the following year unless the grant has a specific condition attached to it.
- 10. To spend the New Homes Bonus grant as set out in the Council's New Homes Bonus Policy adopted by the Council at its meeting on 10 February 2016
- 11. To utilise the Council's invest to save earmarked reserve to pump prime any investment required under the Council's transformation programme to achieve savings. The Council will also investigate the flexible use of capital receipts should the resources available in the invest to save reserve be insufficient to pump prime investment.
- 12. As part of our Corporate Plan, we will undertake the redevelopment of key parts of our town centre during the business plan period. During the redevelopment schemes, we expect that our income from business rates will fall. As a result, we anticipate contributing our share of business rate levy into the business rate reserve, to offset future reductions. During the development phases of the projects, we will transfer funds from the reserve to support the revenue budget. Once developments are completed, we should experience a growth in business rates.
- 13. To commit to pooling a share of the future revenue generated from council tax and business rates growth arising from the Council's Proposed Submission Local Plan to finance investment in infrastructure.
- 14. To transfer the majority of any underspend achieved at the end of each financial year to a combination of the invest to save earmarked reserve and the budget pressures earmarked reserve to offset future service growth pressures and pump prime transformation projects.

# Capital

- 10. A single capital programme will be prepared each year over a 4/5 year rolling period as part of the detailed budget process, so that the impact of decisions on the capital programme will be considered as part of the budget process. The capital programme will include both approved and provisional schemes so that we can clearly see the impact of our future capital requirements.
- 11. A 10-year capital strategy or vision will be prepared to include the impact of some of our long term strategic regeneration projects.
- 12. We will review each year how the capital programme is to be financed in relation to capital receipts, revenue or earmarked reserves.
- 13. The council will consider whether it is appropriate to borrow to fund large capital schemes: in doing so it will consider the impact on the budget and the cost of early repayment.
- 14. In planning our capital expenditure we will only take account of future capital receipts where there is a reasonable degree of certainty about their receipt.

# Movement in General Fund net budget – summary

The major reasons for the change between the 2016-17 and 2017-18 General Fund net budget (excluding Parish precepts) are as follows:

|   | £000    |
|---|---------|
| Net budget 2016-17 (excl Parish precepts)           | 41,533  |
| Inflation and other adjustments                     | 236     |
| Unavoidable adjustments and commitments             | 674     |
| Business Rates Retention Scheme                     | 2,000   |
| Net effect of interest rate and cash flow movements | 414     |
| Revenue effects of financing capital expenditure    | 44      |
| Transfers to reserves                               | 735     |
| Investment in services                              | 1,859   |
| Non-specific government grants                      | 111     |
| Increased income                                    | (2,102) |
| Efficiency savings                                  | (1,304) |
| Net budget 2017-18 (excl Parish precepts)           | 44,201  |
|   |         |

| Environment | n/a                  | Parks FSR<br>/restructure<br>Savings Target  | Parks and Leisure Services are<br>to carry out an FSR and<br>restructure during 2017-18. The<br>service received a growth bid for<br>£130,000 for staffing as part of<br>the budget for 2016-17 which<br>has not been utilised. However,<br>whilst it is anticipated that some<br>of the unspent budget can be<br>saved during the<br>restructure/FSR there continues<br>to be a need to invest in parks<br>infrastructure and it is proposed<br>that an increase in staffing of the<br>repairs and maintenance team<br>will be required to achieve this.<br>Therefore it is envisaged that not<br>all of the additional budget<br>awarded in 2016-17 can be<br>saved. | Paul Stacey              |                        | (70,000)          |                  |                               | (70,000)          |                  |                        | (70,000)          |                  |                        | (70,000)          |                  |

The estimated council tax surplus of £1,100,000 for 2016-17 will be paid to the General Fund and the major precepting authorities (that is; Surrey County Council and Surrey Police and Crime Commissioner) in 2017-18 pro rata to the 2016-17 demand/precept on the fund. The payment to the General Fund, which reduces council tax bill for the year, will be £120,560. The estimated deficit relating to business rates, is split between the government, Surrey County Council and Guildford Borough Council. Our share is £654,015 and we have included this in the 2017-18 budget, financed from the Business Rates Equalisation reserve.

#### RISK ASSESSMENT - 2017-18 GENERAL FUND BUDGET

|    |  | Assessment of  |   | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) |
|----|--|--|---|--------------------------|--------------------------|--------------------------|--------------------------|
| No | Risk   | Residual Risk [With<br>control measures<br>implemented] -<br>Residual Risk Score | Responsible                                   | 2017-18                  | 2018-19                  | 2019-20                  | 2020-21                  |
| 1  | Delay to Local Plan necessitating additional evidence and consultation work and reduction in New Homes Bonus   | 6  | Director of Planning and<br>Regeneration      | 0                        | 200                      | 200                      | 200                      |
| 2  | Unable to achieve additional meter income built into 2017-18 estimates in respect of Off Street Parking Charges.   | 2  | Parking Manager                               | 100                      | 100                      | 100                      | 100                      |
| 3  | Unable to recover arrears from investment property and industrial estates tenants.   | 3  | Asset Development Manager                     | 16                       | 16                       | 16                       | 16                       |
| 4  | Business Rates liabilities for investment assets exceed estimates  | 3  | Asset Development Manager                     | 5                        | 5                        | 5                        | 5                        |
| 5  | Co-mingled recycling disposal contract gate fees - volatility in gate fee paid   | 8  | Director of Environment, Cleansing<br>Manager | 210                      | 210                      | 210                      | 210                      |
| 6  | Increase in benefit claimants and bad debts  | 2  | Director of Resources                         | 50                       | 50                       | 50                       | 50                       |
| 7  | Family Support Programme (FSP) - the income from SCC to support the scheme is not certain and potential redundancy costs should the scheme end.  | 3  | Head of Housing Advice                        | 5                        | 5                        | 5                        | 5                        |
| 8  | Potential increase in homelessness   | 3  | Head of Housing Advice                        | 50                       | 50                       | 50                       | 50                       |
| 9  | Serious case reviews on behalf of other authorities. Risk of incurring the costs of investigation regarding a serious case review. It is difficult to predict if and when this may occur | 4  | Director of Community Services                | 20                       | 20                       | 20                       | 20                       |
| 10 | Increased risk of judicial reviews and the legal costs associated with defending the<br>council. Risk of JR due to opposition to strategic development sites within local plan.          | 4  | Monitoring Officer                            | 60                       | 60                       | 60                       | 60                       |

|    |  | Assessment of  |  | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) |
|----|--|--|--|--------------------------|--------------------------|--------------------------|--------------------------|
| No | Risk   | Residual Risk [With<br>control measures<br>implemented] -<br>Residual Risk Score | Responsible  | 2017-18                  | 2018-19                  | 2019-20                  | 2020-21                  |
| 11 | Loss of interest from investments arising from bank base rates remaining at a low level for longer than expected   | 8  | Head of Financial Services                               | 300                      | 185                      | 140                      | 0                        |
| 12 | Loss of income from Fees and Charges   | 3  | All budget managers and Head of<br>Financial Services    | 312                      | 338                      | 347                      | 371                      |
| 13 | Greater reductions in local government finance settlement than those outlined in the multi-<br>year settlement due to national economic situation being worse than the Chancellor<br>predicted                     | 8  | Head of Financial Services and<br>Transformation Manager | 0                        | 565                      | 585                      | 0                        |
| 14 | Reduction in the council's baseline need to spend following the fair funding review and introduction of 100% business rates retention in 2020 (or by being a pilot in 2018-19 and resources re-distributed to SCC) | 12   | Head of Financial Services and<br>Transformation Manager | 0                        | 1,000                    | 2,339                    | 3,011                    |
| 15 | Business Rates Retention Scheme (BRRS) volatility; impact of higher than anticipated appeals   | 4  | Head of Financial Services                               | 350                      | 350                      | 350                      | 350                      |
| 16 | Not all savings targets included in 2017-18 estimates are achieved   | 6  | All Directors and Head of<br>Financial Services          | 261                      | 286                      | 288                      | 283                      |
| 17 | Treasury Management Counter Party Bail in  | 8  | Head of Financial Services                               | 800                      | 800                      | 800                      | 800                      |
| 18 | S106 Clawback and/or collection risk   | 3  | Director of Planning and<br>Regeneration                 | 50                       | 50                       | 50                       | 50                       |
| 19 | Increased cost of planning appeals due to age of 2003 local plan and planning applications arising on unplanned sites  | 6  | Director of Planning and<br>Regeneration                 | 50                       | 50                       | 50                       | 50                       |
| 20 | Major Emergency / Civil Incident or Severe Weather event   | 4  | Director of Community Services                           | 30                       | 30                       | 30                       | 30                       |

|    |   | Assessment of  |  | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) | Financial Risk<br>(£000) |

#### Major Variances 2016-17 v 2017-18

The REFUS estimate (Revenue Expenditure Funded from Capital Under Statute) relates to capital expenditure for consultants' fees etc that does not create or enhance a long term asset of the Council. The expenditure is reversed out of the General Fund and does not impact on council tax.

#### Major Variances 2016-17 v 2017-18

A full service review has been completed resulting in major changes to salary allocations. This reflects a truer reflection of the service costs.

The grant from SCC will be reduced for 2017-18.

Transport charges have reduced due to the introduction of a new fleet along with vehicle repairs.

Food purchases are estimated to increase due to the popularity of the service.

#### Major Variances 2016-17 v 2017-18

The support recharge had not been amended after additional changes to the service for 2016-17, therefore resulting in an under recovery. All costs are recovered for 17-18.

#### Major Variances 2016-17 v 2017-18

A full service review has been completed resulting in major changes to salary allocations. This reflects a truer perception of the service costs. Support service recharges have also decreased in line with the changes.

The grant from SCC will be reduced for 2017-18.

The increase in Repairs and Maintenance reflects the need for additional repairs to be completed.

The offices at Park Barn Centre are currently used by voluntary organisations.

#### Major Variances 2016-17 v 2017-18

Salary charges have decreased due to salary allocation changes within the service.

An increase in Welfare Funerals has resulted in additional funding, this is offet by an increase in income as all expenditure should be recovered.

Animal Establishment fee income has moved to Licensing Services.

#### Major Variances 2016-17 v 2017-18

Salary changes have increased due to salary allocation changes within the service.

There is no income generated for Food and Safety Services therefore this has been removed £3,830.

Various support services have made changes to the basis of the recharge resulting in either an increase or decrease for internal charges.

#### Major Variances 2016-17 v 2017-18

An additional budget of £24,040 was previously made available to cover the remaining 50% of vehicles claiming 25% of the cost for the adoption of a Guildford livery for taxi vehicles - this offer how now expired and the budget removed.

Taxi and Private Hire Car Tests and DBS checks are now the responsibility of the driver and do not form part of the Taxi Licence fee.

Income levels for all Taxi/Private Hire Licence Fees are based on the current level of licences being issued.

The Legal Services recharge reflects a revised actual usage in 2015-16 and 2016-17, which is used as the basis of the recharge for 2017-18.

#### Major Variances 2016-17 v 2017-18

Changes to salary allocations have resulted in a reduction of costs.

Due to the review of Support Service recharges the majority of costs have increased.

The Information Governance recharge is new for 2017-18 and in line with CIPFA guidance this can be charged to Corporate Services in full.

#### Major Variances 2016-17 v 2017-18

Salary allocation changes have resulted in an increased charge to the service.

The postage expenditure has reduced as a result of the 2015-16 actual expenditure being used as the basis for budget allocation.

Changes to the mechanism for recharging to other internal services has resulted in additional income.

Public Offices recharge for 2017-18 reflects a revised depreciation charge for 2017-18.

#### Major Variances 2016-17 v 2017-18

The recent service review resulted in an increase in employees allocated to Legal Services.

This inturn has resulted in increased income from the support service recharge as the full cost of the service is recharged internally.

A review of the bases of support recharges has resulted in numerous changes to the internal services.

#### Major Variances 2016-17 v 2017-18

The Salary Sacrifice Scheme has reduced by £20,000 plus the Staff Car Parking by £40,000 as the take up percentage was lower than expected.

The estimated cost of the new Government scheme for 2017-18 set up to help fund the Apprenticeship scheme with the UK £135,000.

#### Major Variances 2016-17 v 2017-18

The net recharge to other services has increased due mainly to a 2015-16 salary growth bid which was not included in 2016-17 recharge calculation.

The capital bid for strategic property acquisitions will mean that a new property surveyor will be recruited in 2017-18.

The Asset Development recharge reflects the salary changes above.

The Public Offices recharge more accurately reflects the cost of this service.

#### Major Variances 2016-17 v 2017-18

Salaries have increased due to a growth bid for a tourism marketing assistant and banner board income has also increased accordingly.

The Guildford Attractions Guide is no longer being published so both expenditure and income have been taken out in 2017-18. There should be greater income generated from the Visitors Guide.

The Legal Services recharge has increased significantly and more accurately reflects the time spent on the service.

#### Major Variances 2016-17 v 2017-18

Salary changes are due to proposed savings within planning services not being implemented.

IT Renewals recharge has increased as a result of new investment projects.

Planning fees have consistently exceeded targets in the past and the revised estimate mirrors this trend.

The Legal Services recharge more accurately reflects the time spent on this service.

#### Major Variances 2016-17 v 2017-18

The estimate for consultants' fees has decreased as a previous growth bid is taken out.

Rents have increased as more properties are purchased and occupied and service charges have decreased in line with planned rechargeable expenditure.

The Legal Service recharge more accurately reflects the time spent on the service and the Valuation Service recharge has increased in line with the cost of the service.

#### Major Variances 2016-17 v 2017-18

Salary costs have decreased by £257,000 due to a job evaluation process and the capitalisation of salaries as projects move from the feasilbility stage to realisation.

Growth bids for Ash Bridge feasilbility and the Guildford Station Platform Capacity Study have increased the consultants' budgets in 2017-18 as have management expenses for the Pop up Village.

There are revenue implications of capital bids for the Sustainable Movement Corridor, Bedford Wharf Development, Guildford Gyratory and Approaches and the Royal Surrey County Hospital Expansion Programme which will increase consultants budgets by £720,000 and generate income and grants of £1,020,380.

Miscellaneous expenses relate to the Pop up Village where there is anticipated rental income of £408,730.

This service was new in 2015-16 and a more accurate recharge from other services has now been calculated.

#### Major Variances 2016-17 v 2017-18

Salary changes reflect a salary restructure within the Local Plan and the completion of a previous growth bid .

Supplies and services changes are also the result of the expiry of the previous growth bid. Any overspend will be met from the Local Plan reserve.

The Legal Services recharge more accurately reflects the time spent on this service.

#### Major Variances 2016-17 v 2017-18

The repairs and maintenance budget has decreased in line with planned works.

The estimate for income from rents has been increased due to the purchase of new properties. Insurance recovered is being coded directly to the relevant cost centre.

The original budget for valuers fees was increased by £40,000 in 2016-17 during the year.

The Asset Development recharge and the Valuation Services recharge have increased in line with the cost of the service as has the Audit Services recharge.

#### Major Variances 2016-17 v 2017-18

The increase in the repair and maintenance budget, along with the associated Asset Development recharge, recognises the level of work identified for 2017-18 from the property condition surveys.

The estimate for the transport pool hire charge has been adjusted to reflect updated depreciation estimates for the vehicles used by the Cemeteries Service.

The income estimates for exclusive burial rights and interments have been increased to more accurately represent recent levels of income at Stoke Cemetery.

#### Major Variances 2016-17 v 2017-18

The service restructure is due to be completed in 2017-18 and the salary estimate reflects the revised structure.

The latest Valuation Office Agency (VOA) revaluation will take effect from 1st April 2017. The change in the estimate for general rates recognises the resulting increase in the business rates charge for the crematorium.

The increase in the estimate for cremation fee income reflects the agreed price increases for 2017-18.

#### Major Variances 2016-17 v 2017-18

The insurance estimate reflects the current composition of the Council's fleet along with the estimated premium inflationary increase for 2017-18.

The estimate for vehicle repairs reflects the corresponding costs of parts and labour within the vehicle workshop service.

A reduction in the requirement for external vehicle maintenance has resulted in decrease in the maintenance agreement estimate.

The estimate for the transport pool hire charge has been adjusted to reflect updated depreciation estimates for the Council's fleet of vehicles. The depreciation estimate has been revised accordingly.

The recharge to other services represents the cost of fleet management and administration. A share of this cost is allocated to each vehicle in the fleet and forms the corresponding fleet management admin charge estimate.

### Major Variances 2016-17 v 2017-18

There is an increase in the repairs and maintenance budget which has resulted in a higher support service recharge than in previous years.

A 2016-17 growth bid for £50,000 for conservation management consultancy has been taken out in 2017-18.

### Major Variances 2016-17 v 2017-18

The REFCUS estimate (revenue expenditure funding by capital under statute) relates to capital expenditure for consultants' fees etc. that does not create or enhance a long term asset of the Council. The expenditure is reversed out of the General Fund and does not impact on council tax.

The Engineering and Transportation service works across a range of services and the recharge estimate reflects the level of resources expected to be allocated to land drainage in 2017-18.

### Major Variances 2016-17 v 2017-18

The Leisure Management Fee payable to the Council by the operator of the Spectrum Leisure Centre has been adjusted for 2017-18 to reflect the potential reduction in income as a result of essential roof repairs.

## Major Variances 2016-17 v 2017-18

A change to the salary allocations within the Parks and Leisure Service has resulted in a reduction in the allocation to the Rangers Service, therefore resulting in a lower salary estimate for 2017-18.

### Major Variances 2016-17 v 2017-18

A reduction in salary costs has been achieveable due to the instalation of a second automatic testing lane.

The estimate for income from MOT testing fees and taxi inspections has been revised to reflect recent demand and the fact that inspections of Woking taxis no longer have to be undertaken by Guildford Borough Council.

### Major Variances 2016-17 v 2017-18

Salaries and supplies and services budgets have increased by £64,500 which will be funded in part by the Your Stories, Your Museum Arts Council resilience grant of £53,730.

The repairs and maintenance budget is reduced due to the Museum Project and the corresponding Asset Development recharge is also reduced.

#### Major Variances 2016-17 v 2017-18

The latest Valuation Office Agency (VOA) revaluation will take effect from 1st April 2017. The change in the estimate for general rates recognises the resulting increase in the business rates charge for the Council's car parks.

The 2016-17 estimate for repairs and maintenance included £136,000 for the decoration of Leapale Road car park.

The estimates for season ticket, contract parking, and meter income have risen as a result of the agreed price increases for 2017-18.

The estimate for garage rents has been reduced as a large number of garages are situated at Guildford Park car park which is due for redevelopment commencing during 2017-18.

In 2016-17, the recharge to other services estimate included a recharge to the on-street service for one-off maintenance works to the car parks office.

#### Major Variances 2016-17 v 2017-18

Following a review of staff time allocations across the parking service, the allocation to on-street parking has been increased to recognise the level of resources currently required to manage the on-street service.

In 2016-17 the office cost recharge estimate included funding of one-off maintenance works to the parking office.

Following the implementation of a new parking software system the annual licence cost has reduced.

The income estimates have been adjusted to reflect recent ticket sales levels and penalty notice issue rates.

The Performance Management recharge has been replaced by the Business Improvement recharge.

### Major Variances 2016-17 v 2017-18

The amount of office space occupied by the service at the depot has reduced resulting in a lower depot expenses recharge.

As a result of the reduction in the gross cost of the service the level of recharge to other services has been reduced accordingly.

### Major Variances 2016-17 v 2017-18

The latest Valuation Office Agency (VOA) revaluation will take effect from 1st April 2017. The change in the estimate for general rates recognises the resulting increase in the business rates charge for the park and ride sites.

The decrease in the repair and maintenance (R&M) and Asset Development estimates recognises a lower level of R&M works planned for 2017-18.

The SCC Park and Ride Services estimate represents the net cost of the all of the bus contracts. The cost of the Onslow Park and Ride bus service was previously met by Surrey County Council but is now the responsibility of Guildford Borough Council. At the tail-end of 2015-16, charges for concessionary pass users were introduced, resulting in a reduction in the net cost of the bus contract. The estimate has been adjusted accordingly for the above items.

### Major Variances 2016-17 v 2017-18

In addition to the agreed annual pay increase, the salaries estimate includes the cost of providing the highways verge maintenance work in-house. This work was previously undertaken by an external contractor. The estimate for contractor payments has been reduced accordingly.

The increase in the buildings infrastructure estimate recognises the level of works to be undertaken during the year, as identified through the property condition surveys.

A number of smaller budgets have been amalgmated into the Grounds Works and Materials catergories for ease of budgeting. These estimates have risen as a result.

The estimate for the transport pool hire charge has been adjusted to reflect updated depreciation estimates for the vehicles used by the Parks Service.

A growth bid for additional expenditure on playground repairs and maintenance was approved for 2017-18.

The increase in the operational investment estimate reflects the third year of a growth bid approved in 2015-16.

#### Major Variances 2016-17 v 2017-18

The increase in the salary estimate reflects the agreed annual pay increase.

The estimates for vehicle tyres and repairs have been adjusted in recognition of recent levels of expenditure by the Refuse and Recycling service.

The transport pool hire charge estimate has been adjusted to reflect updated depreciation estimates for the vehicles used by the Refuse and Recycling Service.

The gate fee per tonne is determined by deducting the the value of the material to be recycled from the cost of transportation and processing. Material values are volatile and the estimate was based on the prevailing gate fee.

The trade refuse disposal charge is based on updated collection tonnages and the disposal rate per tonne set by Surrey County Council (SCC). The same applies to recycling credits, the estimate for which is based on expected tonnages and the credit rate per tonnes set by SCC.

The green waste and trade refuse removal charges reflect current customer numbers and charges for

### Major Variances 2016-17 v 2017-18

The transport pool hire charge has reduced due to the reallocation of one of the two vehicles for use at the Council's depot. This has resulted in a decrease in the recharge to other services.

### Major Variances 2016-17 v 2017-18

The increase in the salary related estimate recognises the agreed annual pay increase.

The transport pool hire charge estimate has been adjusted to reflect updated depreciation estimates for the vehicles used by the Street Cleaning service.

The Performance Management recharge is now within the Business Improvement recharge. The estimate has increased as the recharge is no longer based on full time equivalents but on the anticipated levels of work per service.

### Major Variances 2016-17 v 2017-18

Two posts within the service have been regraded resulting in an increase in the salary estimate.

The estimate for vehicle spares has been reduced in recognition of recent levels of expenditure.

The overall level of recharge income remains consistent with previous years but some items that were previously recovered under the parts recharge are now recovered via the labour recharge.

### Major Variances 2016-17 v 2017-18

Some additional yard labouring resources have been introduced resulting in an increase in the salary estimate.

The decrease in the repair and maintenance estimate recognises the level of works anticipated to be required at the depot in 2017-18.

The transport pool hire charge estimate has increased following the transfer of a vehicle from the snow and ice service.

The recharge to other services estimate has decreased as the proportion of depot space recharged to other service has been reduced, resulting in a larger share of the cost retained by the depot cost centre.

#### Major Variances 2016-17 v 2017-18

Employee costs have increased due to a recent service review which incorporated additional funds, this in return has resulted in increased support service recharges.

#### Major Variances 2016-17 v 2017-18

Due to late changes on the account - the full amount was not recharged - this has been adjusted for 2017-18.

A saving £400,000 has been allocated to the Business Improvement cost centre, representing savings anticipated to be acheived as part of the business transformation programme.

#### Major Variances 2016-17 v 2017-18

Increase in salary costs reflect changes in allocations for posts between Council Tax and Housing Benefit. However, savings will be achieved in this service as a result of the Revenue And Benefits restructure (PR000410). Currently this potential saving is shown on the Housing Benefit budget.

Computer Software Licence costs have been increased to reflect expenditure.

Income has reduced due to the new burden funding for LCTS now being incorporated into the admin support grant.

#### Major Variances 2016-17 v 2017-18

Employee related costs have reduced due to the implications of PR000410 however this saving will be spread over all Revenue and Benefits costs centres once the restructure is completed.

Computer Software Licence costs and Postage charges have been increased to reflect expenditure.

There has been some modest reductions in claimant count which may decrease further in 2017-18 as the migration to Universal Credit continues. There will be lower rent rebate costs due to the 1% rent reduction. The majority of expenditure incurred is recovered from the Department of Work and Pensions as part of the annual grant claim.

#### Major Variances 2016-17 v 2017-18

There is an anticipated Customer Service Improvement Strategy saving of £250,000 in 2017-18 and four posts, two of which were temporary, (all previous growth bids) were removed from the establishment.

The telecoms maintenance contract has been cancelled and will be replaced by a centrally operated system. CRM licence cost is budgeted at £50,000 in 2017-18.

The Audit Service recharge has increased in line with the cost of that service and the Public Offices recharge more accurately reflects the service's share of that cost.

#### Major Variances 2016-17 v 2017-18

The allocation of resources between Government Connect (Public Sector Networks) and Networks Links has changed to correspond with actual expenditure and the budget has been increased accordingly. IT Renewals recharge has increased as a result of new investment projects and the budget for the data centre is greater in 2017-18 to reflect the 2014-15 growth bid.

The Audit Service recharge has increased due to a restructure resulting in an increase in employee related expenditure.

#### Major Variances 2016-17 v 2017-18

The IT renewals charge reflects the anticipated level of capital expenditure from the IT renewals fund, approved as part of the capital programme, for which the relevant service is not known at present.

The efficiency saving in the estimates relating to restructures within the Council being included in the miscellaneous expenses budget until the relevant services are identified.

The service growth/efficiency allowance equates to 20% of the total growth and efficiencies included in the service budgets, to allow for possible non-achievement.

The service accounts include Grant income from Surrey County Council. This service holds a non-receipt allowance.

#### Major Variances 2016-17 v 2017-18

Salary changes are due to the transfer of the scanning budget of £30,000 to Building Control.

General rates have been revalued and have increased significantly.

The IT Renewals budget has increased as a result of investment following the Millmead refurbishment project.

The increase in rental income reflects the greater availability of floor space within Millmead House to let to outside organisations.

The utilities budget has increased to reflect actuals.

The Asset Development recharge has increased in line with the repairs and maintenance budget.

GUILDFORD BOROUGH COUNCIL OUTLINE BUDGET 2017-18 to 2021-22

THIS PAGE IS INTENTIONALLY BLANK

# GLOSSARY

Accrual - a sum included in the final accounts to cover income or expenditure attributable to an accounting period for goods supplied and received or works done, but for which payment either not received or made by the end of the period.

Appropriations - amounts transferred to or from revenue or capital reserves.

Balance - the surplus or deficit on any account at the end of the financial year (see Revenue Balances)

**Budget -** a statement of the Council's plans for revenue or capital expenditure over a specified period. The annual budget is prepared as part of the Council's annual Council Tax setting process.

Budgetary Control - the monitoring of actual expenditure and income against a financial target.

**Budget Requirement -** the amount the Council plans to spend each financial year. The budget requirement is financed from general Government Grant and Council Tax.

Business Improvement District (BID) - a defined area within which businesses pay an additional tax in order to fund improvements to the street scene, security, marketing and street cleaning of that geographical area.

**Business Rates Retention Scheme** - introduced by the Government in April 2013, this is a new method of financing local authorities. The scheme means that each council keeps some of the business rates generated in its area. The Government still controls the rateable value of the properties and the rate in the pound to be paid.

**Capital Charge -** a charge to the Revenue Account to reflect the cost of fixed assets consumed during the year. Capital charges are borne by the service revenue accounts, but reversed out to ensure they have no impact on the level of Council Tax.

**Capital Expenditure -** expenditure on the acquisition or construction of a non-current asset or expenditure adding to, and not merely maintaining the value of an existing non-current asset.

**Capital Programme -** a statement showing the estimated cost and actual expenditure of approved capital projects (see *Capital Expenditure*)

## Capital Financing Requirement - the level of capital expenditure financing from borrowing

**Capital Receipts -** relates to the money from the sale of non-current assets. Capital receipts are used to pay for new capital expenditure, within rules set down by the government, or to repay outstanding loans. Not used to finance revenue expenditure.

**Collection Fund -** a fund set up in 1990-91, as required by the Local Government Finance Act 1988, to record the transactions relating to council tax and national non-domestic rates (NNDR). It must be kept separately from the General Fund and have its own revenue account and balance sheet. The precepts for this fund are from the Borough Council, the County Council and the Surrey Police and Crime Commissioner.

**Collection Fund Deficit/Surplus -** the estimated surplus or deficit on the Collection Fund, which must be split into that relating to council tax and that relating to business rates. The council tax surplus or deficit is split between the Borough Council, the County Council and the Police and Crime Commissioner pro rata to their precept demand on the Fund. The business rates surplus or deficit is split between the Council, Central Government and the County Council. In both cases the Borough Council's share is transferred to the General Fund in the following year.

**CIPFA -** the Chartered Institute of Public Finance and Accountancy – privately funded with charitable status. This is the professional body responsible for accountants working in the public service. The Institute provides financial and statistical information on local government and public finance matters.

**Contingency -** an amount of money set aside in the budget for unforeseen items of expenditure.

**Council Tax -** a tax introduced in 1993-94 to replace Community Charge. Property value as at 1 April 1991 is the base, with a reduction for single occupancy.

**Council Tax Benefit -** this is a benefit of up to 100%, which is available to council taxpayers who are on income support or low incomes to help pay their council tax bills. Abolished in April 2013 and replaced with a local council tax support scheme.

**Council Tax Requirement -** the amount of Council Tax required to support the budget the Council plans to spend.

County Precept - see under Precept.

**Department of Communities and Local Government -** central government department with responsibility for the allocation of government grant to local authorities.

**Depreciation -** the measure of change either from the wearing out, consumption, or other reduction in the useful economic life of a fixed asset, whether arising from use, passage of time or obsolescence through technological or other changes.

Earmarked Reserves - reserves set aside for a specific purposes.

**Employee Related Expenditure -** a group of costs including salaries, wages, and employer's national insurance and superannuation contributions. Indirect employee expenses are also included. Examples are: relocation, interview and training expenses, staff advertising, severance payments, pensions increase act payments and employee related insurance. Agency staff costs are also included within this grouping.

Estimates – the amounts expected and incurred as expenditure, or received as income, during a specified financial year.

Fees and Charges - individual charges for services provided.

**Financial Year -** the period covered by a set of financial accounts – commences 1 April and finishes 31 March the following year.

Fixed Assets - non-current assets that yield benefit to the Council and the services it provides for more than one year.

**General Fund -** the Council's main revenue fund credited with charges, grants etc. and to which the costs of services are charged. However, separate accounts are maintained for other aspects of Council activities, particularly the Collection Fund.

**Guildford Holdings Ltd** – is the parent company of North Downs Housing Ltd. North Downs Housing Ltd is currently the only subsidiary of Guildford Holdings Ltd. It is envisaged that other subsidiary companies will be established as other business or commercial opportunities are identified.

**Government Grant** – a form of cash or transfer of assets from government, inter-government agencies or similar bodies, to local, national or international authorities, as contributions towards the cost of local services e.g. Housing Benefit, Capital Grants and Revenue Support Grant.

**Gross Expenditure -** the total cost of providing the Council's services before taking into account income received.

**Gross Income -** the total amounts the Council receives or expects to receive, from any source. Income includes fees, charges, sales and specific and special grants.

Housing Benefit - an allowance to person(s) on low income to meet, in full or part, their rent. Benefit paid as rent rebate to Guildford's own council tenants, with benefit paid to tenants in the private sector referred to as rent allowance. The Department of Work and Pensions meets the majority of the cost.

**Impairment -** a reduction in the balance sheet value of a fixed asset either from a lack of maintenance or change of use.

**Interest Income -** the money earned from the investment of cash.

International Financial Reporting Standards (IFRS) - the reporting of a set of international accounting standards, stating how transactions and other events appear in financial statements. The International Accounting Standards Board issues IFRS.

**Investments -** a long-term investment is an investment held for use on a continuing basis in the activities of the Council for 365 days or more. A short-term investment relates to the investment of surplus funds for 364 days or fewer.

Liabilities - money owed to individuals or organisations for payment at some time in the future.

Lease - a lease is a contract for the hire of a specific asset. The lessor owns the asset but conveys the right to use the asset to the lessee for an agreed period in return for the payment of specified rentals.

Local Council Tax Support Scheme (LCTSS) - replaces the abolished council tax benefits scheme from April 2013. As part of the overall changes to welfare benefit, the Government has asked councils to replace council tax benefit with a locally designed scheme. The Local Council Tax Support Scheme (LCTSS) will receive approximately ten per cent less funding from Government than the council tax benefits scheme and receive a grant with a discount on the council tax bill.

**Minimum Revenue Provision (MRP)** - the minimum amount which must be charged each year to the Council's general fund revenue account and set aside as provision for credit liabilities, as required by the Local Government and Housing Act 1989. There is no requirement to operate MRP in the Housing Revenue Account.

**National Non-Domestic Rate (NNDR) -** on 1<sup>st</sup> April 1990 a tax introduced, together with community charge (now council tax) to replace general rates for businesses. Rates are levied and collected by the Council on non-domestic property in the area in accordance with the Government formula which is the rateable value of the property (set by the valuation office) multiplied by the rate multiplier (set by central government). The NNDR tax system was changed in April 2014; the Council is now able to retain a proportion of the income collected for its own purposes (the proportion retained is based on a central shares formula), the remaining amount of income collected is paid to Central Government and Surrey County Council. The amount paid to central government is known as the business rates tariff. The Council also pays the Government and Surrey County Council a levy on the growth in business rates income above the central share formula.

**Net Present Value -** calculates the present value of all cashflow associated with an investment: the initial outflow and the future cashflow returns using an agreed discount rate reflecting the time value of money.

New Homes Bonus - a non-ring fenced grant paid by the government based on the increase in housing over the year from October to October.

Non-ring fenced grant - a government grant used for any purpose.

**North Down Housing (NDH) Ltd** - a wholly owned housing company limited by ordinary shares in which the Council is the sole shareholder. The Council has capitalised the company through a mixture of share equity and debt financing at a ratio of 40% equity and 60%. NDH will provide mixed tenure accommodation and generate an income for the Council's general fund. NDH is a subsidiary of the parent company Guildford Holdings Ltd.

Out-turn - actual income and expenditure.

**Precept -** a charge levied by a council expressed in terms of a specific sum. The Borough Council, the County Council and the Police and Crime Commissioner levy precepts on the Collection Fund. Parish Councils precept on the Borough Council's General Fund.

**Premises related expenditure -** a group within the subjective analysis of expenditure, which brings together expenses directly related to the running of premises and land. It includes repairs, alterations and maintenance of buildings, fixed plant & grounds (including grounds maintenance contracts payments), energy costs, rents, rates, water services, fixtures & fittings, apportioned expenses of <u>operational</u> buildings (e.g. Woking Road depot), cleaning & domestic supplies, and premises related insurance.

Projection - a forecast of future developments based on current statistics and trends.

Provision - an amount, set aside in the accounts, for likely liabilities incurred but the amounts or the dates on which they will arise are uncertain.

**Prudential Code for Capital Finance in Local Authorities -** the 2003 Code introduced a need for local authorities to consider capital spending plans with reference to affordability (implications for Council Tax and Housing Rents), prudence and sustainability, value for money, stewardship of assets, strategic objectives and the practicality of the plans.

Public Works Loan Board (PWLB) - a government agency which provides loans of more than one year to Local Authorities at interest rates up to 1% higher than those at which the government itself can borrow.

**Recharge -** an internal charge to or from another part of the Council. It does not add to the council's total income and expenditure.

**Reserves -** monies set aside by the Council that does not fall within the definition of provisions.

**Revenue Balances -** the accumulated surplus of income over expenditure on the revenue accounts of the General Fund and of the Housing Revenue Account (see below).

**Revenue Budget -** an estimate of annual income and expenditure, which sets out the financial implications of the Council's policy for the budgeted year (see budget).

Revenue Contribution to Capital Outlay (RCCO) - resources provided from the Council's revenue budget to finance the cost of capital projects.

**Revenue Expenditure -** the operating costs incurred by the Council during the financial year in providing day-to-day services. Distinct from capital expenditure, which benefits the authority for more than one financial year.

**Revenue Support Grant (RSG)** - a grant paid by central government in aid of Council services in general, as opposed to specific grants, which may only be used for a specific purpose.

Ring-fenced Grant - a grant paid to the Council, which has conditions attached to it that restrict the purposes for which it may be spent.

Service and Financial Plan - a three-year plan summarising the cost of services, with the first year calculated in detail and year two and three including published inflation and service changes.

Specific Grants - government grants to local authorities in aid of specified projects or services, e.g. Housing Benefit.

**Stock -** goods acquired in advance of their use in the provision of services or their resale. At the year-end stocks are a current asset in the balance sheet and they will be charged to Revenue in the year they are consumed or sold.

**Subjective Analysis of Expenditure -** nine standard groups or 'types' into which expenditure and income is analysed. CIPFA members are required to apply the recommended standards when preparing Local Authorities published accounts. The groups are Employee Related Expenditure, Premises Related Expenditure, Transport Related Expenditure, Supplies and Services, Third Party Payments, Transfer Payments, Support Services, Capital Financing Costs and Income.

**Supplies and Services -** the largest group of expenditure which relates to the general running costs of the organisation and includes equipment, furniture and materials, catering (including contract catering), clothing uniforms and laundry, printing, stationery and general office expenses, communications and computing, subsistence and conference expenses, members allowances, grants and subscriptions, contributions to provisions, and miscellaneous expenses.

**Support Services -** the charge made for services, which support the provision of services to the public. Includes professional and property services and includes administrative buildings.

Supporting People - the Supporting People initiative intends to provide support services that enable people to live independently in their own homes.

**Tax Base** - each dwelling in England has been placed in one of eight valuation bands, A to H, based on its capital value at 1st April 1991. The tax base is expressed in terms of "equivalent band D dwellings". Each property band is weighted in relation to the band D property which is regarded as the benchmark.

**Third party payments -** a payment to an organisation for providing a council service completely. For example, if a private contractor provided the refuse collection service the contract payment is a third party payment.

Transfer payments - a payment to individuals who provide no goods or services to the Council e.g. Housing and Council Tax benefits.

**Transport related expenditure -** a group of expenditure, which brings together all costs associated with the provision, hire and use of transport, including travelling allowances. It includes purchases of vehicles and equipment (where not leased or purchased through capital), repairs and maintenance, running costs (e.g. fuel, tax,), recharges for vehicles hired from the Fleet Manager, contract hire, operating leases, public transport, car allowances and transport insurance.

**Virement** - this is the permission to spend more on one budget head matched by a corresponding reduction on some other budget head. Virements must be properly authorised by Committee or by officers under delegated powers
